Celebrate Earth Day & Reduce Waste in the Kitchen with 3 Easy Recipes

Like 2 people like this.

Earth Day is on Saturday, April 22, and doing your part to help the environment can be as simple as cooking fun meals in your kitchen. Consider this: a staggering 40% of food produced in the United States goes uneaten each year. Before you throw out last night's leftovers, try getting creative. Repurposing meals can be healthier for you, your budget and the environment.

Lisa Suriano, owner and founder of Veggiecation, has three quick and easy recipe transformations to help you reduce food waste in your own kitchen:
